Crane Training Schools Toronto

Crane Training Schools Toronto - Our various programs for Mobile Crane Operation are intended for experienced operators who requires certification or re-certification, and for inexperienced people who are searching for their first job as an operator of a crane. Industry demand for certified crane operators is high all around the country. Crane operator positions are in demand due to their high rates of pay. Crane operators are amongst the highest paid of whatever operator of heavy machinery.

Our Crane Operator training offers instruction for different mobile cranes. Course subject consists of Crane Set-up, Wire Rope, Lift Planning, Load Dynamics, Rigging, Signaling and Load Charts.

The program is most suitable for crane operators, riggers as well as their supervisors. The materials included in the course will comprise a manual and a lot of useful handouts. The safety guidebook which is illustrated consists of 100 to 250 pages, that depends on the course, of vital and useful material. Course materials comprise load charts and load chart exercises for the crane with which the person training is working.

Over half of the course involves Hands-On Safety Training. Practical training is helpful for developing and increasing personnel skills levels. Only licensed journeyman crane instructors are selected to teach the courses. Our instructors possess many years of industry experience.

For all the course we offer, we could include optional testing mechanisms to customize your training. A test for skills is normally administered for programs which include H.O.S.T. Trainees would be tested and graded.

We provide certified training programs for the following cranes: Lattice Boom/Crawler Cranes; Fixed and Swing Cab Mobile Hydraulic Cranes; Rigging / Signalperson Certification and Training; Articulated Boom / Knuckleboom Cranes; Certification & Testing; and In-The-Seat Training.
